

In addition to dollar and percentage copays, members are responsible for deductibles, as described below. Please review the deductible information to know if a deductible applies to a specific covered service. Certain Covered Services have maximum visit and/or day limits per year. The number of visits and/or days allowed for these services will begin accumulating on the first visit and/or day, regardless of whether your Deductible has been met. Members are also responsible for all costs over the plan maximums. Plan maximums and other important information appear in *italics*. Benefits are subject to all terms, conditions, limitations, and exclusions of the Policy.

**Explanation of Covered Expense**

Plan payments are based on covered expense, which is the lesser of the charges billed by the provider or the following:

PPO Providers—PPO negotiated rates. Members are not responsible for the difference between the provider's usual charges & the negotiated amount.

Non-PPO Providers—For non-emergency services, the scheduled amount. For emergency services, same as other health care providers

Other Health Care Providers (*includes those not represented in the PPO provider network*)—The customary & reasonable charge for professional services or the reasonable charge for institutional services.

**When using Non-PPO and Other Health Care Providers, members are responsible for any difference between the covered expense & actual charges, as well as any deductible & percentage copay.**

Calendar year deductible for all providers	\$500/member; \$1,000//family	
Co-pay for emergency room services	\$100/visit ( <i>waived if admitted directly from ER</i> )	
<b>Annual Out-of-Pocket Maximums</b>		
All Providers	\$1,000/member/year; \$3,000/family/year	
The following do not apply to out-of-pocket maximums: deductibles listed above; non-covered expense, and co-pays. After a member reaches the out-of-pocket maximum, the member remains responsible for deductibles listed above; for non-PPO providers & other health care providers, costs in excess of the covered expense; amounts related to a transplant unrelated donor search, and office visit co-pays.
