

School Accountability Report Card

Reported Using Data from the 2010-11 School Year

Published During 2011-12

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2010-11)

This section provides information about the school, its programs and its goals.

San Lorenzo Valley Middle School: Working Together to Ensure All Students Learn

San Lorenzo Valley Middle School is located in the beautiful redwood forests of the Santa Cruz Mountains. A school construction bond passed by the citizens of the San Lorenzo Valley enabled SLVMS to remodel the entire school in 2005, including twelve new classrooms, two new science labs, and two new restrooms. Construction has begun on a new state-of-the-art library and computer lab, funded by a second community bond. The library and new computer labs are scheduled to be completed in early 2012. San Lorenzo Valley Middle School values the continued support of its community and parents. The focus of SLVMS is to provide a quality education for every student; Working together to ensure all students learn.

San Lorenzo Valley Middle School is a comprehensive middle school that offers English, math, science, social studies and physical education at each level, grades six, seven and eight. Because of its close proximity to San Lorenzo Valley High School, our students are able to take advanced courses in mathematics, French, Spanish, music and choir on the high school campus. In physical education, students have access to a state-of-the-art turf field, an all-weather track and an Olympic swimming pool. SLVMS offers a full range of exploratory electives, including art, leadership, music, choir, drama, Spanish, technology, creative writing, life skills, and digital arts. Offering a varied Pyramid of Intervention for at-risk students is a school-wide focus. SLVMS offers intervention courses in Reading Improvement, Math Improvement, and Directed Studies courses for both regular education and special education students. Team-taught Language Arts and Math courses are offered, as are after-school tutorials, school sports, drama productions, clubs and GATE activities.

SLVMS is dedicated to creating a positive, safe, and caring atmosphere in which students and staff are encouraged to reach their highest personal and educational potential. We recognize each person as unique with special needs and talents. Above all else, we foster high academic achievement, self-discipline, self-esteem, and self-knowledge.

In April 2007, The California Department of Education honored San Lorenzo Valley Middle School as a California Distinguished School. The school submitted an application to the California Department of Education and underwent a rigorous selection process. The process concluded with a site visit to meet with staff, students and parents, which validated and confirmed SLVMS as an exemplary school worthy of the title, California Distinguished School.

"The accomplishments of these distinguished schools should be celebrated as significant models of excellence," said Michael Watkins, Santa Cruz County Superintendent of Schools.

San Lorenzo Valley Middle is the one middle school that serves students in the San Lorenzo Valley Unified School District. Curriculum is focused on essential standards. The school supports cultural awareness through its diverse literature selections and advisory period lessons.

During the 2009-10 school year, 454 sixth through eighth grade students were enrolled at the school, with classes arranged on a traditional schedule/year-round calendar. San Lorenzo Valley Middle School is working together with the San Lorenzo Valley community to ensure that all students learn.

Opportunities for Parental Involvement (School Year 2010-11)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

San Lorenzo Valley Unified greatly benefits from its supportive parents who participate in district wide committees and advisory teams. SLVUSD parents participate in the District Curriculum Council, GATE Advisory Team, District Advisory Council, the District Arts Team and the District Edu-Tech Team. Parents can serve on School Site Council, or volunteer to be a part of the SLVMS Panther Club, the school's parent booster club. Parents are welcome to join district-wide committees as well as site based groups to support student achievement throughout the district for our K - 12 students. For more information on how to participate as a parent and/or community member, please contact the Middle School office at (831) 335-4452.

Parents or community members who wish to participate in district level leadership teams may contact the San Lorenzo Valley Unified School District at (831) 336-8852. Parents who are interested in supporting their child's site directly as a volunteer, participant in site level committees and/ or classroom activity support should contact San Lorenzo Valley Middle School at (831) 335-4452.

III. School Climate

School Safety Plan (School Year 2010-11)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Safety of students and staff is a primary concern of San Lorenzo Valley Unified. In our annual Parent Survey, approximately 85 – 95% of SLVUSD parents responded that they are confident our schools are physically and emotionally safe for their children. 95% of our parents responded that they are confident each site is prepared to meet emergencies effectively. Schools in the district are in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Each site works with the district and county to ensure that there is a Safety Plan at each site. All annual revisions were communicated to the both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lock down drills are held annually. In the Spring of 2008, the Felton campus participated in a county sponsored Code Red Drill; this experience provided some important practice and dialogue between the district and county that supports our commitment to physical safety for all students.

Students are supervised before and after school by certificated, classified and/or administrative staff. K - 5 students are supervised by classified staff at lunch; secondary students are supervised by certificated, classified and administrative staff during their lunch.

There are two security support staff at the high school. At each school, there is a designated area for student drop off and pick up. Visitors are required to check in at the front office at each site.

Suspensions and Expulsions

Rate	School			District

Expulsions	0.2	0.43	0	0.11	0.05	0.05

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2011-12)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: April 2011

San Lorenzo Valley Middle School is comprised of 25 classrooms, 1 gym, 1 cafeteria, 1 library, 1 staff lounge, 2 computer labs, a performing arts classroom, and state of the art athletic facilities including an all-weather track and turf athletic field and an Olympic swimming pool. Recent remodeling included 12 new classrooms, two new science lab classrooms, and two new restrooms, completed in 2005. Construction of a new library, complete with modern computer labs, is currently in progress, with completion scheduled for 2012.

Cleaning Process: School administration works daily with the custodial staff of two full-time custodians to ensure that the cleaning of the school is maintained to provide for a clean and safe school. **Maintenance and Repair:** District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. An online work order process is used to ensure efficient service and highest priority are given to emergency repairs. **Deferred Maintenance Budget** The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems. For the 2010-11 school year, the district allocated \$98,986 for deferred maintenance program.

The Facility Inspection Tool (FIT) was completed in April, 2011.

(Please note that all actions have been completed by the district maintenance office. The district has developed a plan to address the areas of need. All facilities are in compliance with Williams requirements and are safe for student, staff and community use.)

School Facility Good Repair Status (School Year 2011-12)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The Overall Rating (bottom row)

Indicator	2009-10	2010-11	2011-12
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

* "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

** "Vacant Teacher Positions" refer to positions not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2010-11)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: <http://www.cde.ca.gov/nclb/sr/tq/>

Location of Classes	Percent of Classes In Core Academic Subjects Taught by	
	NCLB Compliant Teachers	Non-NCLB Compliant Teachers
This School	100	0
All Schools in District	100	0
High-Poverty Schools in District	0	0
Low-Poverty Schools in District	100	0

* High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2010-11)

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	1	
Counselor (Social/Behavioral or Career Development)	.5	---
Library Media Teacher (Librarian)		---
Library Media Services Staff (paraprofessional)	1	---
Psychologist	.5	---
Social Worker		---
Nurse	.2	---
Speech/Language/Hearing Specialist	.6	---
Resource Specialist (non-teaching)		---
Other		---

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2011-12)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instructional materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: November 2008

San Lorenzo Valley Unified held a public hearing on October 6, 2010, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	McDougal Littell Adoption 2002/2003	Yes	0.0%
Mathematics	Pearson/Prentice Hall Adoption 2008	Yes	0.0%
Science	Holt, Rinehart & Winston Adoption 2007	Yes	0.0%

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2009-10)

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental/Restricted)	Expenditures Per Pupil (Basic/Unrestricted)	Average Teacher Salary
School Site	\$5,469	\$1,368	\$4,101	\$60,315
District	---	---	\$4,936	\$60,341
Percent Difference: School Site and District	---	---	16.92%	0.04%
State	---	---	\$5,455	\$63,062
Percent Difference: School Site and State	---	---	24.10%	7.50%

* **Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

** **Basic/Unrestricted expenditures** are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending webpage at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2010-11)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

In addition to general state funding, San Lorenzo Valley Unified receives state and federal funding for the following categorical funds and other support programs: Title I (K - 5 sites), Title II (Professional Development), EIA, EETT (Technology), School Violence/School Safety, TUPE.

Data within the SARC was provided by San Lorenzo Valley Unified School District, retrieved from the 2009-2010 SARC template and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.

Teacher and Administrative Salaries (Fiscal Year 2009-10)

Category	District Amount	State Average for Districts In Same Category
Beginning Teacher Salary	\$32,085	\$39,074
Mid-Range Teacher Salary	\$55,087	\$60,172
Highest Teacher Salary	\$75,828	\$78,468
Average Principal Salary (Elementary)	\$93,540	\$95,926
Average Principal Salary (Middle)	\$90,478	\$99,356
Average Principal Salary (High)	\$103,615	\$107,041
Superintendent Salary	\$140,796	\$148,555
Percent of Budget for Teacher Salaries	38%	38%
Percent of Budget for Administrative Salaries	6%	6%

* For detailed information on salaries, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>.

IX. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

Standardized Testing and Reporting Results for All Students - Three-Year Comparison

California Physical Fitness Test Results (School Year 2010-11)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
7	14.1	37.6	39.6

* Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010
Statewide	6	7	7
Similar Schools	1	3	3

Academic Performance Index Growth by Student Group - Three-Year Comparison

Group	Actual API Change

* "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group - 2011 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2011 Growth API at the school, LEA, and state level.

Group	2011 Growth API

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) webpage at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2010-11)

AYP Criteria	School	District
Made AYP Overall	Yes	No
Met Participation Rate: English-Language Arts	Yes	Yes
Met Participation Rate: Mathematics	Yes	Yes
Met Percent Proficient: English-Language Arts	Yes	No
Met Percent Proficient: Mathematics	Yes	No
Met API Criteria	Yes	Yes
Met Graduation Rate (if applicable)	N/A	Yes

Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance data reporting, etc.)?

SLVUSD is committed to "leading the learning" and provides multiple opportunities for professional development throughout the year. We believe that the best professional development occurs when educators spend significant time collaborating around four essential questions:

1. What do we want all students to learn?
2. How do we know if students learned?
3. How do we systematically respond when students don't learn?
4. How do we systematically respond when students already know the learning goals?

Because we have aligned our vision on professional learning, SLVUSD teachers and staff meet for an hour each week for grade level and/or department collaboration. Educators analyze the results from student work and then determine instruction that will best meet the needs and strengths of students. Sites use collaboration time to focus on their own professional learning as well. Each site has a focus area for instructional improvement that is developed with the administrator and presented in the site plan and in teacher/administrator goals. Sites are also providing time for teachers to observe classroom instruction within their own school and throughout the county. The opportunity to watch skilled instruction and then debrief with colleagues is a powerful learning tool for educators.

Throughout the year, the district also provides professional development in a variety of avenues. Administrators meet regularly as an Administrative Council to learn with their colleagues about collaboration, instructional strategies and research and leadership. Teacher leaders participate in district teams that focus on technology, instructional strategies, collaboration, gifted education, autism and other key issues that improve classroom and schoolwide learning for all students. SLVUSD staff participates in professional development days at the beginning of the school year. For three days, teachers and administrators learn together, using research-based information to improve their instructional program and align their curriculum. There is a final professional development day in January for educators to reflect on their current instructional program and develop a plan for the second semester.

SLVMS Focus: Response to Intervention. The middle school staff is working together to develop a systematic response to students who are not learning or succeeding in the classroom without additional support. The staff is learning about strategies for assessment, effective ways to use grades for feedback and instructional strategies that support learning for all students in the classroom.
